

This diagram illustrates the assembly of a drawer. It shows three main components: the drawer body, the front panel, and the side panels. The drawer body is a rectangular frame with a front panel and two side panels. The front panel is shown in an exploded view, positioned below the drawer body. The side panels are shown in an exploded view, positioned to the left and right of the drawer body. The diagram includes alignment pins (indicated by small circles) to show how the panels are joined. The front panel has two pins, and the side panels have two pins each. The drawer body has a front panel and two side panels. The diagram is a line drawing with no shading.
